

Fydes Solutions

Your Practice in Your Pocket

Your practice deserves more efficiency, security and profitability

Who we are ?

We are a team of experts (doctors, consultants, designers and developers) in digitizing practices.

What we do?

We have the solution to help you manage your dental practice from everywhere and using different devices.

What are we talking about?

%100 Paperless, cloud based dental management software

- User-friendly
- Powerful & Secure
- Affordable
- Adapted

Our Features

Private Portals:

- You have a private portal for your practice
- Your assistant has his/her own specialized portal

Intelligent Dashboard:

- Charts & Reports, to put you in the loop of everything happening in your practice, such as your financial status & your patients overview

Smart Scheduling:

- Schedule an appointment with one click
- Color-coding helps categorize your appointments
- Drag & drop option to minimize open time

All About Your Patient:

- A single click opens up your patient profile, appointment's records, medical notes, X-Rays, attachments, finance, all in one page
- Follow up is a key feature to show care and proficiency to your patient. Our patient reminder does the job
- Building a treatment plan, becomes a quick trouble-free task

Patient Engagement:

- Your patients have access to all their records and data

Billing:

- Here's the solution to simplify payments and provide patients with concise statements

Labs:

- No more worries When dealing with labs, manage, make requests and track product with a click of a button

SMS Reminders:

- Reminds your patients daily of their appointments

Multiple Clinics & Assistants:

- Your clinics are managed separately
- You get multiple assistants accounts

Clinic Finances / Expenses:

- Fydes handles your finances
- Expenses coming soon

Why They're Smiling?

Dr. Toni Bejjani

"After almost 30 years of struggling with files, finances etc. Finally, Fydes changed my life, I am stress free, I have more free time in my day. In fact, I am not a techie person, but the training on "Fydes" is so simple, the software is very intuitive and user-friendly. I also installed it on my mobile and tablet, which makes things easier. It suits me a lot since I work in different practices. I strongly recommend it, it's a game changer.

"As an assistant, I would like to say how impressed I am with Fydes. I like how the patient reminders help me follow up on my patients and improve my work proficiency. The features I liked most are that I can schedule an appointment with one click and I can reschedule an appointment before even getting to the clinic"

Mrs. Stephanie Hashem
